

Transcription Service

You do the talking, we do the rest.

No more lengthy note-taking and tedious encoding.

DrCatalyst offers a transcription service so that you just have to dictate your notes to a recorder, and then we take it from there.

This service can help you:

- ✓ Reduce the time spent on taking notes.
- ✓ Attend to more patients at a given time.
- ✓ Have the patient chart ready when you need it.
- ✓ Do more tasks with minimal on-site staff.
- ✓ Have a fully-digital workflow.
- ✓ Have lower payroll expenses.
- ✓ Keep a detailed record of the patient's treatment.
- ✓ Ensure accuracy of the patient's information.

Our team of transcriptionists prides itself on providing accuracy, efficiency, accountability, and confidentiality.

1 Maintain Document Integrity

To ensure accuracy, security, and reliability, the transcriptions undergo intensive quality check.

2 Create Personalized Transcriptions

Our dedicated team of transcriptionists provides customized transcriptions to fit your needs and preferences.

3 On-time Delivery

We make sure that the transcriptions are readily available within the required turnaround time.

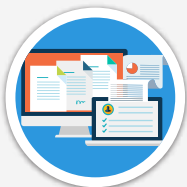

4 Enter the Transcriptions

We transcribe your recordings and enter the transcriptions in your EHR so that the patient charts are ready and updated.

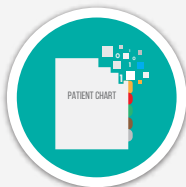

5 Around-the-Clock Availability

Our high-quality services and support are available 24/7.

DrCatalyst also offers the following services:

Fax and Document Management
